

Audio Text

The Student Requires AIM

Document The Need For AIM

Choose Format(s) Needed

Check district resources to determine if an accessible format of the book was purchased and is available for the student. If so, provide to student. If not, proceed below.

Is a file available directly from the publisher or other commercially available resources?

Yes

Provide to the student, or convert/produce the audio text with district or privately contracted services, then provide to the student.

No

Use district or other resources to obtain/produce the digital text. Provide to the student, or scan and produce the audio text with district or privately contracted services, then provide to the student.

Use district or other resources to obtain/produce the audio text. Provide to the student, or convert/produce the audio text with district or privately contracted services, then provide to the student.
